## *Welcome to Fillmore*

I would like to welcome you on behalf of American Legion, Post 61 and District 6. I'm sure you will find Fillmore friendly and eager to make your stay comfortable and a memorable one. Fillmore was the First Territorial Capital of Utah. The south wing of the original State House grandly stands in the center of town. I know you will find this an interesting part of your stay. Our fair city boasts a population of about 2,250 and is conveniently between Salt Lake City and St. George. Fillmore is nestled snugly at the foot of the Pahvant Mountain Range. With Mine Camp Peak being the tallest at 10,222. There are great mountain trails, camping, fishing and other outdoor activities you can enjoy. Fillmore is a main trail head for the Paiute ATV trail system. You can also view some very impressive ancient Rock Art, and pictographs on the west desert and at the mouth of Chalk Creek Canyon. We also have unique lava tube formations just a short distance west of Fillmore. Please let me know how I may be of service to you.

Sincerely

Wayne Jackson

District 6 Commander
